

## Loves Subversive Stance: Ground Yourself & Grow In Relationship

Loves Subversive Stance is a collection of stories centered on these questions: how can we honor our passions and our caregiving relationships at the same time? In loving someone with intellectual challenges, how can we become more fully ourselves? This book is NOT a quick-fix. Instead, its about telling true stories the sort of stories that will allow you to become rooted and grow. Its about examining the seemingly insignificant details of your day, and seeing what they say about you and your relationships. The book contains 90+ pages of stories for people who want to say YES to standing on the subversive soil of love.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
