

It Will Never Happen to Me

First published 20 years ago, *It Will Never Happen to Me* is the definitive book/workbook for adult children of alcoholics. With her reassuring and informative approach, Claudia Black expertly identifies common issues faced by children who grew up in alcoholic families--shame, neglect, unreasonable role expectations, and physical abuse. Using narratives and profiles, she describes survival techniques characteristic of children raised in alcoholic families, including the unspoken laws of don't talk, don't trust, and don't feel. First explaining how such learned responses cause difficulties in adulthood, Black carefully guides readers in identifying self-defeating, destructive behaviors and finding a healthier, happier way to live. Key features and benefits: a proven seller by a respected recovery author, contains easy-to-follow, useful exercises that can be used by individuals or in a therapeutic setting.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
