

I Am Tina - A Recorded and Transcribed Journal - Journal Four

This is a journal created from recordings transcribed of the journey Tina went through to find healing from a lifetime of abuse. Tina started seeing a therapist immediately after leaving an abusive relationship to gain an understanding to why she kept picking bad men into her life. She knew something was wrong. Originally Tina started recording her journey in hopes it would help someone else coming out of an abusive relationship. She didn't know early memories of her childhood would surface and she would be faced with an even greater pain and sadness in her life. Her entire world changed from what she knew as a successful business woman and socialite to losing everything and everyone in her life. This is a story of pain, great sadness, the agony of the healing process, and seeking God into the final healing she would receive in the desert.

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
