

Your Baby Manual . . . : For Optimal Sleep, Feeding and Growth in Babies and Children

Parenting is an experience that can be joyous, rewarding, and deeply fulfilling. Caring for a newborn or toddler can surpass any other experience in life; it can be intense and raise powerful emotions that parents will remember forever. Parenting is also complex--especially the beginning of the journey. There are challenges and busy times ahead. Dr. Symons book is the complete baby manual for optimal sleep, feeding, growth and behaviour in babies and children. Its detailed and instructional chapters provide guidance and assurance for parents, and step-by-step advice by which to avoid or resolve sleep, feeding, growth, and behaviour issues in babies and children. It also provides information on the health of the mother and the entire family unit.

Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just to good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
