

The Gay Games: A History (Routledge Critical Studies in Sport)

The Gay Games is an important piece of new social history, examining one of the largest sporting, cultural and human rights events in the world. Since their inception in 1980, the Gay Games have developed into a multi-million dollar mega-event, engaging people from all continents, while the international Gay Games movement has become one of the largest and most significant international institutions for gay and lesbian people. Drawing on detailed archival research, oral history and participant observation techniques, and informed by critical feminist theory and queer theory, this book offers the first comprehensive history of the Gay Games from 1980 through to the Chicago games of 2006. It explores the significance of the Games in the context of broader currents of gay and lesbian history, and addresses a wide range of key contemporary themes within sports studies, including the cultural politics of sport, the politics of difference and identity, and the rise of sporting mega-events. This book is important reading for any serious student of international sport or gender and sexuality studies.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
