

Ghost Tech

GHOST TECH by Vince Wilson (2005) The Essential Guide to Paranormal Investigation Equipment --- The Haunted Field Guide Series from Whitechapel Press continues with another foray into the field of paranormal investigation with this compelling new investigation manual. For the first time, the scientific equipment and methods that are used to search for ghosts and hauntings are outlined in detail in a single volume, providing ghost researchers with all of the information they need to legitimately search for evidence of the paranormal. This entertaining and informative book offers a wealth of practical information on basic equipment operations, the ins and outs of using the equipment during investigations and much more. The book explores the nature of ghosts, temperature detection devices and how to use them, the uses and misuses of EMF meters, recording the voices of the dead, using cameras for investigations, recording the paranormal on video, various types of equipment and how to use it and much more! This is a must-have book for anyone with an interest in ghost research and the proper use of the scientific equipment that has become so prevalent in the supernatural field. It is an essential guide to paranormal research and the perfect addition to any ghost hunters tool kit!

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
