

## Get Social

This book will not tell you how to set up a Facebook page. It won't tell you how to format your Twitter cover image or offer advice on which blogging platform to choose. Writing a book on the technical specifics of social media is about as helpful as yesterday's weather forecast—the information is out of date really quickly! And really, it's not about the tools anyway—it's about the concepts. What this book will help you do is Get Social. And I mean get social in two different ways. First, to understand social. To have it be an extension of the way you think, work, and interact every day. To understand why a whole generation of consumers shares and interacts the way they do online. Second, to be social. That is, to actually implement a plan to make your business or organization have a social media presence that delivers on your goals and represents your brand well while creating relationships that turn people into customers for life.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
