

## Crystal Puzzle: Growing Up with a Sister with Aspergers

A delightful and true story of growing up with a sister with Aspergers, *The Crystal Puzzle* chronicles powerful family experiences from the realization that there was something different about her sister through the hopes and joys and challenges of school to the eventual independence that comes with growing apart as one sister moves on and out of the home. Blogger Ashley Nance offers an accurate, humorous, touching, and poignant glimpse into the lives of those affected by Aspergers and learning disabilities. *Crystal Puzzle* also includes a helpful resource section for families interested in additional information to help them cope and succeed given the challenges that come with Aspergers and other learning disabilities.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
