

Fall (Natalies Edge Book 2)

As Shakespeare wrote, The course of true love never did run smooth, and the love between Michael L. Black and Natalie Smith is no exception. Having fallen deeply in love with one another, Michael and Natalies passionate and, at times, tumultuous relationship continues to teeter on the edge of happiness as they explore their deepest and sometimes darkest desires of games, bondage, and sex. Michaels dominant tendencies thrive as Natalie craves to submit her body and mind to him, bringing her to sometimes excruciating pleasure. Love never felt so right. But their relationship will be tested. Truths are hidden. Secrets are revealed. And when Michaels insecurities inflame his penchant for control and punishment, all the trust and love they have worked so hard to build dismantles itself within one split second. Will they forgive and trust one another again? Or will the betrayal leave them on the edge of devastation?

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
