

.NET Test Automation Recipes: A Problem-Solution Approach (Experts Voice in .NET)

If you develop, test, or manage .NET software, you will find .NET Test Automation Recipes: A Problem-Solution Approach very useful. The book presents practical techniques for writing lightweight software test automation in a .NET environment and covers API testing thoroughly. It also discusses lightweight, custom Windows application user interface automation and teaches you low-level web application user interface automation. Additional material covers SQL stored procedure testing techniques. The examples in this book have been successfully used in seminars and teaching environments where they have proven highly effective for students who are learning intermediate-level .NET programming. You'll come away from the book knowing how to write production-quality combination and permutation methods.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
