Since 1875, the Hibernian Football Club has been an integral part of sporting life in the city of Edinburgh and port of Leith, and this first of three volumes picks up the story from 1945, covering the most successful stretch of the clubs history when Hibernian won three championship titles and became the first British club to play in the European Cup, reaching the semifinal. Packed with anecdotal tales of the times, it gives fascinating insight into life at the club when the Famous Five were in their heyday right through to the mid-60s when Joe Baker burst onto the scene. A game-by-game, goal-by-goal account of the many highs and numerous lows, At Easter Road They Play is a fantastic journey back to the days when massive crowds flocked to Easter Road to see Hibernian play.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
