

Where to Draw the Line: How to Set Healthy Boundaries Every Day

From the acclaimed author of the perennial favorite *Boundaries*, *Where to Draw the Line* is a practical guide to establishing and maintaining healthy boundaries in many different situations. With every encounter, we either demonstrate that we protect what we value or that we give ourselves away. Healthy boundaries preserve our integrity. Unlike defenses, which isolate us from our true selves and from those we love, boundaries filter out harm. This book provides the tools and insights needed to create boundaries so that we can allow time and energy for the things that matter and helps break down limiting defenses that stunt personal growth. Focusing on every facet of daily life from friendships and sexual relationships to dress and appearance to money, food, and psychotherapy Katherine presents case studies highlighting the ways in which individuals violate their own boundaries or let other people breach them. Using real-life examples, from self-sacrificing mothers to obsessive neat freaks, she offers specific advice on making choices that balance one's own needs with the needs of others. Boundaries are the unseen structures that support healthy, productive lives. *Where to Draw the Line* shows readers how to strengthen them and hold them in place every day.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
