

## Adobe Captivate 6: Beyond the Essentials

This book has been created as a companion to IconLogic's top-selling Adobe Captivate 6: The Essentials book. The goal of the Essentials book was to get you up and running using Adobe Captivate 6 as quickly as possible. If you completed that book, you should have an excellent grasp of how to both record and produce eLearning lessons using Adobe Captivate 6. However, there is a ton of information that just didn't fit into that book. Adobe Captivate 6: Beyond the Essentials picks up where the Essentials book left off. You will quickly learn Captivate's higher-end functionality while improving your production skills via project templates, object styles, master slides, Themes and advanced actions. You will learn to collaborate with team members via Captivate's powerful commenting features and Acrobat.com. You'll enhance the learner's experience via variables that will make it seem like each eLearning lesson you produce has been customized for and is talking directly to your customer.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
