

## Cards of Destiny: A Birthday Book and Daily Divination Guide

Once a powerful tool for time keeping and divination, an ordinary deck of playing cards hides the keys to humankind's destiny within its sacred numbers and symbols. In **CARDS OF DESTINY**, the mystical science of the playing cards is combined with the ancient power of the calendar to reveal the universal influences ruling each day of the year. Use the birthday chart to locate the playing card associated with a particular birth date, then read the detailed description of that card's characteristics to gain insight into one's own true nature as well as the personalities of friends and lovers. Featuring full-color reproductions of playing cards dating back to the nineteenth century, a place to record the birthdays of friends and family, and a perpetual calendar summarizing the energetic influences of the cards on a day-to-day basis, **CARDS OF DESTINY** is a powerful tool for self-discovery, fulfillment, and success.
