

Healing the Incest Wound: Adult Survivors in Therapy (Second Edition) (Norton Professional Books (Hardcover))

Understanding and treating adult victims of incest. Highly recommended as an authoritative text on incest and its treatment and essential reading for all therapists, *Healing the Incest Wound* was a groundbreaking book that put incest studies and treatment on the map. Now, almost 20 years later, this bestselling text is fully updated, offering the most current studies and findings on incest typologies, dynamics, and treatment strategies. Drawing on cutting-edge research on incest and other forms of child abuse, it includes attention to their neurological, attachment, affective, and dissociative sequelae. Courtois—a veteran practitioner and an expert in complex traumatic stress disorders resulting from chronic child abuse—presents a comprehensive revision to this classic treatment manual for therapists.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
