

The Mother Of All Encounter Tables (Dungeons & Dragons d20 3.5 Fantasy Roleplaying)

One Table to Rule Them All! The Mother of All Encounter Tables is here! This utility is unlike any before conceived. This is not just a random book of tables, but a well-thought-out dungeon master utility that will make wilderness travel, city streets, and dungeon corridors all more interesting. It contains encounters for each terrain type from mountains to the ocean, in each climate from arctic to tropical, and has separate tables for day and night encounters. Also factored in are relative rarities of individual encounters, with space left for the DM to insert new monsters of his choosing. In addition to encounters with monsters and men, there are tables for unusual weather events, strange occurrences, accidents, and encounters with NPCs. Trade routes and caravans are detailed as well as trolls and dragons. After all, you never know when ants will infest your food, or when the cleric will get struck by lightning!

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
