

Women in the Mines: Stories of Life and Work (Twaynes Oral History Series)

Excerpt from the Preface: In this book, women coal miners describe their working lives in a hazardous industry that remained virtually all-male until 1973. Women miners fought the odds for a measure of economic freedom with a determination and blood-and-guts courage normally attributed to men. They built a women's support network and made their voices heard in the United Mine Workers of America (UMWA). Their story is part of the larger history of social upheaval created by the broad entry of women into the workforce of the United States in the last several decades. These narratives reflect the impact of shifting sex roles on the coal mine workplace and on domestic life. Like the tradition of diaries and journal-keeping, the oral history of women can be intensely personal, illuminating the truth beneath a bloodless chronology of events.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
