

Fog: A Novel of Desire and Reprisal

Outside an isolated cabin, winter fog caresses spruce trees. Inside, two men, lovers, have enacted a plan of revenge, kidnapping the handsome son of the man who wronged one of them. Al, the accomplice, has stalked Rob for weeks, and his infatuation for the young man has grown deeper than he ever anticipated. So much so that he finds himself drawn to protect Rob from the rage and vengeance burning away his partner Jays insides. Caring for their bound and gagged captive, with each passing day Al finds his power over Rob a potent and irresistible aphrodisiac and his heart dangerously moved. But Jay has no intention of ever allowing the young man to escape. The winner of the 2012 Pauline Reage Novel Award!

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
