

Positive Parenting with NLP

What does positive parenting mean and how do we do it on a daily basis? This book shows you how the words you use can make a difference, how to get rid of your limiting beliefs as a parent and most importantly, how to get children to do what you asked - the FIRST TIME! Find out how NLP can help you manage your children's behaviour and anger issues, help them learn more effectively at school and bring out in them the confident children you know they can be. Judy is the author of *Be a happier parent with NLP* published by Hodder Education in the Teach Yourself series.
