

## CHINA - Beneath the Surface

This book is about the everyday life of the people of China; their cultures and traditions, manners and morals and particularly about working with them. It will be of benefit to the businessman, tourists and travel enthusiasts. Written in an informal and engaging style, flashes of Chinese history juggle with first-hand accounts of events in daily business and social life. The essential steps to successful business relationships, Confucian philosophies in the workplace, illness and Traditional Chinese Medicine, the central role of food... All these mingle with descriptions of the great festivals, the ongoing influence of religion, social customs and the role of women. As the winds of change blow slowly through this evolving country an understanding of the China beneath the surface is becoming increasingly important; particularly now that many western companies have moved their manufacturing operations to China. Anyone who has an interest in China or intends to visit or just wants an entertaining read should enjoy this book.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
