

10 Nice Mind Tricks To Allow More Money Into Your Life: A Paradigm Shift To Coming Home (Soft & Effective Self-Help: Allowing Money)

To become wealthy, you must release your resistance to money. But I don't feel resistant... what exactly should I release? Follow your bliss. It's important to hold on to positive thoughts. It's easy to say. :) Sometimes my dark mood just doesn't let me go... what do I do then? Wrong beliefs won't let money come to you. Well, how do I dig up those wrong beliefs? How do I change them? Dear reader, one day, I got this letter: --- Original Message --- Hi Olga, this is not so much a testimonial as a summary of the feelings and emotions experienced as I have read your book twice, once yesterday and again this morning. Before that, to put things a little in perspective, let me give you some background... - 57 years old - grew up in post world war II Scotland - raised in a large family, strict Roman Catholic - left home at sixteen - during the infamous 60s I was your typical rebel without a clue! But, I still love the Rolling Stones!!! Seriously, and somewhat sad to say, the teaching in school and at church during my informative years was based on negativity. Very much a case of you cannot instead of you can. Left uninformed, this teaching stays with people for a lifetime unless they are given the guidance and the permission to see their lives and the world in a new light. Your book, Olga, is beginning to give me that permission. The first time I started to read the book I was not all comfortable as I tried to accept much of what the book discusses as well as deal with almost 60 years of living based on the background mentioned previously. At times, I literally had butterflies in my stomach. Were these butterflies caused by nervousness or excitement? At this point I could not say for sure. As I started to read the book for the second time, some of those butterflies returned. This time, however, I believe they were caused by the excitement, the realization of what is truly possible. I use the word possible because I still have so

much crap I need to dump (pardon the expression). I can, however, align my thinking and feelings with Mike Dooleys point Your dreams are here for a purpose. They remind you of whats possible. This may sound strange but I feel my feelings are beginning to change. I know (see I know, not I think) that my family, my friends, myself, everyone deserves so much more. The more I get, the more I can give. The more I can give... Geez the butterflies are back again. Olga, I could sit here all day talking to you. I feel I need to continue reading and re-reading your book. I am not much into the term Law of Attraction perhaps as it is much overplayed on the forum and elsewhere. I have to say though that I started off genuinely wishing to help you by reading your book and, in doing so, I feel I am on the verge of something truly significant. Heres to everyone getting rid of their crap. Be happy, be successful and be kind Andrew G. ---What are these mind tricks? Insights I used, to shift myself to a better-feeling life. What it will give you: - when you want to feel grateful about the money coming to you right now, but cant a simple way to overcome the barrier; - when youre trying to run away from painful thoughts and only come back to them how to break the circle; - when we start practicing the Law of Attraction, we often start blaming ourselves for negative thoughts. A simple way to overcome it; - how to define what you want, in such a way that you feel good; - two reasons of feeling unworthy and how to reverse them; - what procrastination and dealing with hows have in common an unexpected way to speed up moving on with your projects; - how to immerse in good-feeling habits easier; - a magic phrase for ease, fun, clarity and balance; and so much more! These mind tricks worked wonders for me. I still come back to this book, to use these principles in other areas of my life.
