

Still Life

Meet ETHELRED JONES, acclaimed film director of the bizarre; CLYTEMNESTRA, his beautiful bacterial artist wife and the rest of this discordant quintet, the disgraced donor doctor, CHARLES CONRAD CROSBY; the priapic black giant Man Friday named MONDAY and TRISOMY - a child old beyond her years - all melded together in the creation of the ultimate cinematic and art experience, STILL LIFE. Into this monstrous melange comes the unsuspecting OSWALD ARGENT, an aspiring thespian more narcissus than actor, who finds himself - literally - taking a step too far when accepting a misleading role in the meticulously planned STILL LIFE scenario. On entering the rarefied world of Bethlem Bathory, the JONESS mysterious isolated country mansion known to the locals as Castle Dracula, the devious young OSWALD finds his film debut more gourmet than glamorous. Enter BRYAN SCIMA, his former lover who, by chance, ends up as Lady of the Manor with distant neighbour, SIR MILES ANSTRUTHER, a wealthy property developer. Coincidence follows coincidence through never-ending scenes of gratuitous violence mixed with glamour and the grotesque. Set in London, Italy and Morocco, STILL LIFE is an articulate, cynical novel filled with black humour at its most humorous; a volcanic-volatile hot bed of sex, greed, money and destruction. The story, which runs at a breath-taking pace, will keep the reader riveted in more ways than one. STILL LIFE is an up and down ride which gathers momentum leading up to an unprecedented climax. Think EDGAR ALLAN POE meets FREUD, THE MARQUIS DE SADE and NOEL COWARD in a mind-blowing gang bang and you are almost there. To quote ETHELRED JONES, We stuff the snuff!

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
