

A Commentary on the Jewish Roots of Romans

Here is a complete commentary on Romans written from a Messianic Jewish perspective! Shulam and Le Cornu give us a verse-by-verse commentary to help understand the Book of Romans as a Jewish text. Readers are introduced to the ancient Jewish texts, comparing them with the Dead Sea Scrolls, inter-testamental literature, and early rabbinic writings. At last, a commentary that provides a first-century perspective and the necessary sources for accurate biblical understanding.
