

Foreign Exchange: A Practical Guide to the FX Markets

Praise for Foreign Exchange Tim Weithers starts by telling the reader that foreign exchange is not difficult, just confusing, but Foreign Exchange: A Practical Guide to the FX Markets proves that money is much more exciting than anything it buys. This useful book is a whirlwind tour of the worlds largest market, and the tour guide is an expert storyteller, inserting numerous fascinating insights and quirky facts throughout the book. -John R. Taylor, Chairman, CEO and CIO, FX Concepts

The book reflects the authors doctorate from the University of Chicago, several years experience as an economics professor, and, most recently, a very successful decade as an executive at a huge international bank. These fundamental ingredients are seasoned with bits of wisdom and experience. What results is a very tasty intellectual stew. -Professor Jack Clark Francis, PhD, Professor of Economics and Finance, Bernard Baruch College

In this book, Tim Weithers clearly explains a very complicated subject. Foreign Exchange is full of jargon and conventions that make it very hard for non-professionals to gain a good understanding. Weithers book is a must for any student or professional who wants to learn the secrets of FX. -Niels O. Nygaard, Director of Financial Mathematics, The University of Chicago

An excellent text for students and practitioners who want to become acquainted with the arcane world of the foreign exchange market. -David DeRosa, PhD, founder, DeRosa Research and Trading, Inc., and Adjunct Professor of Finance, Yale School of Management

Tim Weithers provides a superb introduction to the arcana of foreign exchange markets. While primarily intended for practitioners, the book would be a valuable introduction for students with some knowledge of economics. The text is exceptionally clear with numeric examples and exercises that reinforce concepts. Frequent references are

made to the economic theory behind the trading practices. -John F. OConnell, Professor of Economics, College of the Holy Cross

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
