

## THE CELTIC TWILIGHT (Forty Irish Fairy Lore) - Annotated Celts People History

This book is one of the best-known collections of Yeats prose; in it he explores the longstanding connection between the people of Ireland and the inhabitants of the land of Fairy. Yeats, who had profound mystic and visionary beliefs, writes with conviction of the reality of Fairies, both in his own experience, and in the everyday life of the Irish. This relatively short work serves as a way for readers to discover Yeats powerful wordcraft and get an overview of celtic Fairy lore.
