

Toys, Teenagers & Tantrums (Housedad Hero)

One housedad's battle to keep his socks dry while raising three children to be happy, polite, confident and grateful. It's not difficult being a stay-at-home parent. In fact, even a man could do it... Ed is that man with years of experience and all the stains to prove it. He writes about his adventures to Dave, another housedad, offering advice on everything from organising outings to starting a small-scale dictatorship. In this second volume of Ed's epic parenting tale, he must save his teenage nephew, Ned, from being sent to boarding school. What begins with a little maths tutoring quickly leads to questions of identity, purpose and personal hygiene, not to mention a part-time IT support job. Meanwhile, Ed's best friend, Rob, is about to get married and there's a stag weekend to survive, full of guns, sheep and icy water. Of course, that's just basic training compared with going for a cup of tea and a biscuit at Scary Karen's house. And, as his children get older, Ed must face up to the fact that housedads are not forever... Housedad Hero Book 2 - The brilliant sequel to Kids, Cuddles & Caffeine.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
