

Dream Reader: Contemporary Approaches to the Understanding of Dreams (S U N Y Series in Dream Studies)

A comprehensive survey of contemporary approaches to understanding dreams. If you can have only one book on dreams, this is the one to have. Dream Reader by Anthony Shafton is a book so unique in its combination of scholarship, clarity, and down-to-earth feeling about dreams that I find it hard to fully express the excitement and satisfaction I felt on reading it. This is the first definitive and comprehensive sourcebook to cover the classical, the research, and the current theoretical contributions to our understanding of the nature and usefulness of dreams. The author has covered an incredible body of literature, subjecting all that he has read to evaluative and integrative commentary. -- Montague Ullman, M. D., co-author of Dream Telepathy and Working With Dreams, and Clinical Professor of Psychiatry, Albert Einstein College of Medicine Dream Reader is a uniquely comprehensive survey of contemporary approaches to understanding and working with dreams. The general reader interested in exploring the world of dreams could not obtain a better introduction and grounding than from this book. Academic psychologists, therapists, and professional dreamworkers alike will find it to be an incomparable survey and sampling of the growing literature on dreaming. In Part I, Shafton summarizes sleep laboratory discoveries, then considers theories about dream generation and meaning that have arisen from these discoveries. Part II discusses major Euro-American schools of dream interpretation in the twentieth century: Freud, Jung, Existential, Cultural, and Gestalt. Also included are chapters dealing with various topics of interest: the dream styles of people of both genders, and of people with certain psychiatric diagnoses; non-interpretive approaches to dreamwork; dream incubation; lucid dreaming; dream re-entry; dreams of the blind; post-traumatic nightmares; and many

more. Dream Reader provides an integrated review of the whole literature of dream psychology--the clinical, academic, and also the serious popular literature. It also presents sizeable extracts from the original sources for the readers own critical evaluation.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
