[Menage and More: Erotic Paranormal Cowboy Menage Romance, M/F/M/M/M, shape-shifters, sex in shifted form, spanking, sex toys, HFN] Jade Flowers wakes up naked in the desert next to a dead man with no memory of her past. She accepts a ride from Kellan Brooks, a hunky cowboy from Winchester, Arizona. He takes her to the ranch he owns with his older brothers, Stetson and Sawyer, and their friend, Doc. Jade is alarmed that their scents call to her and threaten to unleash something savage from within her. Kellan Brooks is smitten with the tattooed woman and decides to change her mind about leaving the ranch so he can keep her with him. A werewolf and ex-soldier shows up on their doorstep claiming to be Jades fiance and mate. He is appalled that she cant remember him and has taken refuge with the four cowboys. They embark on a journey to get answers about Jades past, but a psychotic killer is still hunting her, intending to finish what he started. Note: There is no sexual relationship or touching for titillation between or among siblings. Note: This is Book 1 of the Winchester, Arizona series. These books are not stand-alone. Each is a continuation of the previous book and must be read in the numbered order. ** A Siren Erotic Romance

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
