AMAZON CAPITAL GAINS TAX BEST  
SELLER OVER 1,000 COPIES  
SOLD! This book looks in detail at how  
you can reduce capital gains tax in  
2013/2014. The highest rate of capital gains  
tax (CGT) is currently 28% however with  
careful planning it can often be  
significantly reduced or even eliminated. In  
this book we look at what you can (and  
cant) do to reduce your CGT charge. The  
book starts off by looking at in detail  
exactly how you calculate any CGT before  
examining the main ways you can then  
reduce it. There are a number of CGT  
reliefs available which, where they can  
apply, can often eliminate CGT  
completely. We look at all of the main  
reliefs in detail. If you want to avoid CGT  
completely, moving abroad is one of the  
simplest way in many respects. We devote  
a large section of the guide to non resident  
CGT planning. The humble annual  
exemption shouldnt be overlooked as it can  
be used very effectively in many cases -  
particularly where there is joint ownership.  
This is given its own chapter in this  
book. Offshore trusts and companies are  
now subject to a number of anti avoidance  
rules, however they can still be used to  
avoid CGT if youre well advised. We look  
at CGT planning with offshore companies  
and trusts in detail in this guide. For many  
people, the main occasion they come into  
contact with CGT is when they sell  
property. We therefore have a specific  
chapter on CGT planning for property  
disposals. What is included in this  
Book? Heres a more detailed list of what  
this guide covers: A detailed analysis of the  
CGT calculation, to enable you to calculate  
your own capital gains How to calculate  
your proceeds for CGT purposes (what you  
can and cant deduct) How your base cost is  
calculated - including the CGT pooling  
provisions When you can and cant qualify  
for Indexation allowance How to calculate

the amount of CGT payable on your capital gain Everything you need to know about using the Annual Exemption and minimising your CGT liability How to avoid the Bed & Breakfast anti avoidance provisions When and how to postpone disposals to reduce CGT The main reliefs are all covered in detail including: Entrepreneurs Relief, Principal Private Residence Relief, Lettings Relief, Rollover Relief, Gift Relief and The Share Exchange provisions EIS Relief How to avoid CGT as a non UK resident When the 5 year anti avoidance rule applies for non-residents and how to avoid it The significant changes to the CGT rules from April 2013 The top CGT free countries Tax efficient offshore investments for UK residents Avoiding CGT with joint ownership and when not to purchase with a spouse or child Uplifting your base cost free of CGT as a non-resident Using Offshore trusts for CGT Avoidance Making a Negligible Value Claim Structuring disposals free of CGT when UK resident Using holding companies to sell free of CGT When individuals qualify for the indexation allowance in 2013 How to structure ownership so you can benefit from property disposals without being subject to CGT Reducing CGT on second properties including using main residence elections
