

Howls in the Night (AD&D 2nd Ed Fantasy Roleplaying, Ravenloft Adventure)

The Mists of Ravenloft draw close, surrounding unfortunate travelers in their clammy embrace. When they part, they reveal the land of Mordent, a domain of rolling moors and woods, beautiful by day and terrifying by night. A new danger lurks in the haunted moors: hounds whose mournful howls and murderous jaws trap the townsfolk in their homes at night. At the heart of it all lies a curse laid a century ago, and a tale of bitter tragedy. Even now, you can hear the howls in the night... Howls in the Night is a dark fantasy murder mystery -- but one in which the victim has been dead for 100 years! Alternate adventure backgrounds allow the Dungeon Master to choose one of four possible conclusions.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
