

Macc and the Art of Long Distance Walking

New edition of Graham Wilson's idiosyncratic first book, originally published in 1998. Its distinctive mix of walks, wit, literature and pubs was such a success that it was reprinted almost at once and has since become a minor classic. Includes walks in the Peak District, the Welsh Three Thousanders and the Bob Graham Round. The text has been updated and a new chapter and introduction added.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
