

## Evernote Every Day

Evernote Every Day, by Jeremy Roberts, brings you more from Evernote. Through a series of practical, easy to follow guides you'll discover new and amazing ways to take the way you use Evernote to a whole new level. This book is a result of years of research and testing, tweaking, and process optimization by someone that wasn't sure what to do with Evernote at first, but now uses Evernote for everything, every day. From the basics of storing information from the web, to replacing an entire filing cabinet, to automating parts of the web to put Evernote to work for you automatically, it's all contained within this one book. What others are saying: Daniel E Gold (Author of Evernote: The unofficial guide to capturing everything and getting things done): If you're looking to get started in Evernote, learn how to apply Evernote in your every day life, and in a way that doesn't talk down to you, then you need Jeremy's book! Jeremy's passion for how Evernote can help you pops right out of the page. His simple directions on how to get it started and get going makes you wonder what you ever did without his guide! Mike Vardy (Writer - Talker - Productivityist): If you're looking for a simple and accessible way to get into Evernote, this book is going to be right up your alley. Jeremy has crafted a great guide to get you started - and keep you going - with what can be one of the most powerful tools in your productivity arsenal. Bojan Djordjevic (Productivity Blogger, Alpha Efficiency): Jeremy pointed out some great use cases of Evernote, and if you are new to this game, this kind of material is the right way to get started. My personal favorite is diary, as it gave me motivation to scan my old physical leather notebook and immortalize it in Evernote.

temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
