

Carlos Law (Ruthless Series (2) - The Next Generation Book 1)

When you double cross the king of London be prepared to pay the ultimate price. Business has gone well for Billy and George and they are now the proud owners of a second club, but its not without its problems. Known previously as a club where drugs and dodgy dealers were welcome, Billy and George intend to change that, but it wont be easy. When Billys dog is stolen and hes tipped off as to why, he asks Reggie and his friends to help him. Its then he sees firsthand how dangerous the world of dog fighting is. In London the Ramon family are struggling to come to terms with a secret that Vito has kept hidden. Its no surprise that Tony sees it differently to the rest of his family and faces it with aggression. Then tragedy strikes, only this time Tony is left a broken man and along with his sons wants revenge on the person he feels is responsible. Knowing his father could cause a war between bosses; Carlo takes up the gauntlet and fights for his familys honour. Tony finally realises that Belle and his family dont see him as the wonderful family man he thinks hes been and he wants to right that. Its when he hands the business over completely to his sons he begins to plan his future with Belle. Things are going well until a ruthless European crime boss tries to muscle in on his turf. Tony steps up again to protect his family, he joins forces with a long time friend and fellow boss, but theres a traitor in the camp which paves the way for betrayal and murder.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
