

Blue Collar Women

In this lively book, women who have broken with accepted societal roles and now enjoy careers in formerly male worlds share their experiences of accomplishment and frustration. They have made inroads with job salary, promotions, hiring policies, and training. However, sexual harassment, lack of acceptance from older male colleagues, and animosity from coworkers wives, even inadequate bathroom and changing facilities are issues some of these women still face. Ferguson offers blue collar women or women thinking of pursuing nontraditional careers - vital information about many issues, including self-esteem, practical approaches to on-the-job differences, filing discrimination suits, and seeking support.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
