Sometimes the briefest suggestion from a knowledgeable source can make the difference between an average and a great experience. Travel to Paris, France equipped with the ARTWISE Paris Museum Map and your knowledge of the cultural life of Paris will be transformed. For example, the amazing Marmottan museum is off the beaten tourist path and not included on most maps. Consequently, many visitors skip it, but miss this and you'll miss seeing a treasure trove of Monet paintings and personal effects. Monets son Michael donated his own inherited collection to the museum, affording an immersive and revealing look at the artist. The ARTWISE Paris Museum Map precisely pinpoints the museum in the 16th arrondissement and identifies nearby metro stations and taxi stands. The ARTWISE Paris Museum Map celebrates wandering in Paris as an artistic experience. The map will help organize your day and instill confidence to take alternate routes to see the many cultural sites of Paris. There's an impressive cluster of museums located in the charming district of the Marais. The Pompidou, Picasso and Carnavalet museums could all be enjoyed in one day with the right map. The following day set forth across the Seine to see the Musee d'Orsay followed by a short stroll up the rue Jacob to visit the Delacroix museum. The ARTWISE Paris Museum Map is more than a refined map of central Paris. Gallery walks, museums and other cultural institutions are featured. In the case of the Louvre, the map also indicates the less crowded entrances. The museum index lists hours, address, nearest metro stop, admission charge information, telephone, and a brief description of the

highlights of the collection. Should feet fail, an inset map of the Paris metro will serve your navigation requirements around the city. If you are completely exhausted or teetering under the weight of numerous museum shop purchases, find your way to the nearest taxi stand, also clearly marked on the map. This stylish map will enable you to visit more museums than with any other guide.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
