

## Counselling for Post-traumatic Stress Disorder (Therapy in Practice)

Counseling for Post-Traumatic Stress Disorder, Third Edition, maps out how to therapeutically treat sufferers of post-traumatic stress disorder (PTSD) using a cognitive behavioral approach to treatment. Fusing the biological and psychological effects of trauma, the authors present practical strategies for use in counseling. Covering the full spectrum of post-traumatic states, the book provides a clear and detailed account of how these states can be recognized and includes chapters on post-traumatic responses; criteria for diagnosis; assessment; and the cognitive behavioral model for treatment.
