

Dr. Pam Poppers Guide To Family Health and Wellness

Includes information on how to pick health care practitioners, diagnostic testing, childrens health, womens health, vaccinations, prostate health and more! Dr. Popper is a naturopath, nutritionist and has authored several books: Dr. Pam Poppers Guide to Family Health and Wellness, For Women Only, My Kids a Garbologist - Help Me!, Should I Eat Soy?, Big and Healthy Cookbook, also the DVD Dispelling Medical Myths Affecting Your Future and a series of Medical Lectures on CD. Dr. Pam is part of Dr. T. Colin Campbells (The China Study) team at eCornell, teaching part of a course on plant-based nutrition. Dr. Popper is a straight-talking professional who is not afraid to criticize national health organizations, government agencies, medical professionals, pharmaceutical companies, agricultural organizations and manufacturing companies, many of whom have priorities that interfere with distributing truthful information and promoting public health.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
