

# How to Be a Good Mommy When You're Sick: A Guide to Motherhood with Chronic Illness

Soon after receiving her Bachelors Degree, Emily Graves was diagnosed with Rheumatoid Arthritis and given a prognosis that she would be confined to a wheelchair within ten years. Shortly thereafter, pregnant with her first and only child, Emilys kidneys shut down. Thus, began a new chapter in Emilys life: balancing chronic illness, motherhood, and the professional ambitions that had caused her to excel as an academic and meet her husband. Today she is still fighting chronic illness, but she has found some answers as to how to manage that fight while being a good mother and spouse and continuing to pursue her professional ambitions. In this book, Emily chronicles the challenges and successes and shares her experience-and tips-with other mothers suffering from chronic illness. A formula for surviving and thriving, this book is meant as a source of inspiration and support for any mother who has to do the impossible every single day.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just to good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
