

## E-Commerce Marketing (Ebusiness)

E-Commerce Marketing prepares individuals to plan and market electronic products and services online. The text and multimedia components integrate coverage of all the basic functions of marketing as outlined in the National Marketing Education Standards. Explore electronically linked distribution systems, international e-commerce, e-tailing, digital media design, digital marketplace design strategies, marketing management, market research, online customer behavior, data mining and warehousing, online partnerships, and security/privacy issues. A dedicated web site will keep the content current.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
