

Auditing: An International Approach

This new book analyses the role of external auditors in a rapidly changing environment and the need to expand their role beyond traditional financial statement audits. It presents external auditing in an innovative manner, with heavy emphasis on theoretical and international issues. The focus is on coverage of fundamental issues with regard to the framework and conceptual structure of auditing, rather than the details of traditional audit approaches. The book provides a carefully balanced presentation of auditing theory and practice. This book is suitable for undergraduate and postgraduate students studying courses in auditing as a part of an accounting or business-related degree. It will also be of interest to practitioners, researchers and managers who are interested in current issues of auditing.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
