

Untamed Wolf (Alpha Force Book 5)

Dark passion crosses the line in Linda O. Johnston's riveting new Alpha Force story. Badass military sergeant by day. Fierce wolf by night. Shape-shifter Jason Connells like no other man. But his freedom is riding on a covert assignment, and his desires are tested with every glimpse of his sexy new superior, Lieutenant Sara McLinder. Even though she doesn't believe in his extraordinary abilities, he's drawn to her. Once the threat against Alpha Force turns explosive, his instinct to protect the dangerously seductive Sara eclipses everything. Sara always lived by the book, but following the rules is impossible when the moon reveals the bare truth about Jason. To survive, they'll join forces. But to be together, they'll cross every forbidden line.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
