

New York hustlers: Masculinity and sex in modern America (Encounters MUP)

This important new book, which focuses on the 1940s, 1950s and 1960s, but which looks back to the earlier decades of the century and has a conclusion dealing with the 1970s to 1990s, maps the world of those known as trade - ostensibly straight men who would engage in homosexual sex - and hustlers - those who were paid for it. It was a milieu that was central to the sexual histories of several generations of twentieth-century American men and also influenced American literary and visual culture; the trade aesthetic informed the work of a variety of artists, filmmakers, and writers. This sexual culture, though compelling in itself, also allows us to explore some key aspects of modern sexual history. This pioneering work, which draws on a wide range of visual and literary sources, including previously unpublished material from the Kinsey archives, will appeal to a wide range of readers, especially those interested in the histories of sex, the city, masculinity, and American culture.

Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
