

Microsoft Visual Basic 2005 Express Edition - Build A Program Now

Build your own Web browser, desktop weather station, or other cool application without any programming experience! Featuring learn-by-doing projects and plenty of visual examples, this hands-on book is your quick start to creating applications for Microsoft Windows. Have fun as you discover how to: Design a rich user interface with easy-to-use tools Drag and drop text boxes, buttons, and other controls into your application Add database and reporting capabilities Exploit features that reduce the amount of code you write Find and fix any bugs Roll-out and share your application

CD Includes: Visual Basic 2005 Express Edition Microsoft SQL Server 2005 Express Edition A Note Regarding the CD or DVD The print version of this book ships with a CD or DVD. For those customers purchasing one of the digital formats in which this book is available, we are pleased to offer the CD/DVD content as a free download via O'Reilly Media's Digital Distribution services. To download this content, please visit O'Reilly's web site, search for the title of this book to find its catalog page, and click on the link below the cover image (Examples, Companion Content, or Practice Files). Note that while we provide as much of the media content as we are able via free download, we are sometimes limited by licensing restrictions. Please direct any questions or concerns to booktech@oreilly.com.

In this lively, eye-opening, and hands-on book, all you need is a computer and the desire to learn how to program with Visual Basic 2005 Express Edition. Featuring a full working edition of the software, this fun and highly visual guide walks you through a complete programming project—a desktop weather-reporting application—from start to finish. You'll get an introduction to the Microsoft Visual Studio development environment and learn how to put the lightweight, easy-to-use tools in Visual

Basic Express to work right away-creating, compiling, testing, and delivering your first ready-to-use program.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
