

2016 Top Markets Report Cloud Computing: A Market Assessment Tool for U.S. Exporters

This report provides market assessment information for U.S. companies interested in entering and/or expanding in international markets. To that extent, the report addresses issues specific to the cloud computing market place, as well as issues affecting the attractiveness of various global markets for U.S. cloud computing providers. It also provides a ranking of the top markets for cloud computing, focusing on enterprise adoption and market potential. This ranking is based on export data from the U.S. Bureau of Economic Analysis (BEA) and from a wide variety of reports and statistics on topics such as policy and regulatory environments, Internet infrastructure, business adoption and several other factors.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
