

Asperger Syndrome (Autism Spectrum Disorder) and Long-Term Relationships: Fully Revised and Updated with DSM-5® Criteria Second Edition

Happily married to her husband with Asperger Syndrome for 25 years, Ashley Stanford is an expert on how Autism Spectrum Disorder (ASD) can affect a relationship and her bestselling book has helped thousands of couples. Brought fully up to date, this second edition clarifies the new DSM-5 diagnostic criteria and explains how, without a solid awareness of the condition, ASD behaviors can easily be misinterpreted. Stanford's book provides a wealth of strategies for living with the more uncompromising aspects of ASD, pointing out that ASD also brings enormous strengths to a relationship. It shows how understanding the intentions, motivations and reasoning behind ASD behaviors can lead to better communication, relief of tension, and ultimately to a happier, more mutually fulfilling relationship.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
