

Executive Presence for Women 1: The Five Facets Approach to Get the Job You Deserve (Volume 1) (Eden Image Coaching Series)

Do you know what's in your blind spot? What you don't know about your executive presence may be what's holding you back from getting the job you deserve, according to Coni Masciave, a leading expert on personal presence and corporate communication. As a woman in business, it's a tough world where all your achievements, hard work, and talent don't necessarily get you into the big chair. Ultimately, the job goes to the person (usually male) who looks and acts the part and is the safe bet. Does this mean to get to the top you need to wear a suit and act like a dude? Absolutely not. You don't have to be a man, but you can't be a girl. Girls don't get the job; they get the coffee. It's harsh, but it's true. Every day, every meeting, every moment is a job interview for the big role. In this first in a series of ebooks, *Executive Presence for Women: The Five Facets Approach to Get the Job You Deserve*, Coni introduces you to the Five Facets of Presence: appearance, communication skills, body language, sociability and poise. Coni's unique approach will help to reveal your blind spots, connect with others, and give you the poise and confidence needed to achieve a step change boost and get the job you want and deserve. Future titles focus on each of the Five Facets, giving you more practical advice on how to project your best self with poise, confidence and power.

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
