

## All the Difference

All it takes is one word - yes or no - to decide Mollys future. As the clock counts down to midnight and the ball slowly begins to drop, Mollys picture-perfect boyfriend gets down on one knee and asks her to marry him. She knows she should say yes, especially considering the baby-sized surprise she just discovered shes carrying. But something in her heart is telling her to say no... Now, Mollys future can follow two very different paths: one where she stays with her babys father, despite her misgivings and his familys unreasonable expectations, and one where she ventures out on her own as a single mother, embracing all the hardships that come with it.
