

The Food of Italy

In this thoroughly comprehensive, utterly captivating culinary guidebook, acclaimed food writer Waverley Root traverses Italy from Lombardy to Sicily, and across 3,000 years of invasions. An exhaustive catalog of the country's gastronomic legacy, *The Food of Italy* explains the regional delicacies, the traditions, and the history that define the way Italians eat. From the legally enforced frugality of the Renaissance table to the enduring Saracen luxury of Sicilian desserts, from the lasagna of Bologna to the saltimbocca of Rome, Root explores the secrets and customs of a cuisine so nuanced that even the basic ragu Bolognese has some two hundred variations. A culinary adventurer who made his mark decades before Anthony Bourdain appeared on the scene, Root shares the stories of an elephant forced to spend the winter of 1551 in the South Tyrol and the dishes named after him, the proper way to bottle Chianti, and the mysteries surrounding the origin of tortellini. Essential reading for travelers of the armchair and ticketed variety, alike *The Food of Italy*, which features decorative maps (that may not be legible for all readers) and illustrations, brings the subtleties of the Italian palate into any home.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
