

# Political Economy and Information Capitalism in India: Digital Divide, Development Divide and Equity (Technology, Globalization and Development)

In this theoretically and empirically engaging volume, the contributors demonstrate that despite the dynamism of India's software industry and the rhetorical flourishes of industry leaders, at present, the benefits of the revolution in information and communication technologies (ICTs) touch only the hundreds of thousands with the right skills and access. India still needs to do more to bring the benefits of ICTs to the hundreds of millions of its citizens still living in acute poverty. The contributors take stock of the political economy implications of informational development in India.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
