

Pick Me Up - How to turn a mistake into a strength builder

If you can handle the truth, face the music and take on the worst in the many battles of life, this book is for you. Its purpose is to share with you the insights the author has gained from his many trials and tribulations. He was almost beaten, relegated to living and struggling as an unhappy individual. Fortunately, he has managed to triumph over the prevailing anguish and frustration, and keep the menacing monsters off. The road to reclaim peacefulness and happiness has been long and arduous, but it is well worth the effort. He wishes people who find themselves knocked down in life could pick themselves up, with the help of this book. He especially hopes that young readers would learn from the documented mistakes in this book to live right the first time, for we would be wise not to squander time.
